

Diary of The Depressed Moose 2

Following on from Diary of The Depressed Moose this new journal features Garry's daily battle from August up until Christmas 2012. Written as a diary format once again we can see how Garry suffers from highs and lows sometimes on a daily basis but he writes with honesty as he continues on his path to help people understand the frustrations that depression can bring. Dealing not only with depression but anxiety and IBS can bring plenty of issues but Garry is determined to share his drama to inspire others.
