

Angels, Giants, and Things under the Earth: Dark Studies

The prophet Daniel called it the Fourth Kingdom, the last great gentile empire whose military power and political environment make it possible for an evil genius to rule the world. The presence of the Fourth Kingdom is a sign of the end timesone cannot exist without the other. In *Giants, Angels, and Things under the Earth*, Chaplain Joseph Dulmage applies biblical Scripture to the possibility the Fourth Kingdom is at hand. The answers are both illuminating and unnerving. As Christ compared the days before his return to the world prior to Noahs flood, Dulmage makes a serious examination of the antediluvian world, discovering uncomfortable parallels to modern times. Jesus did not mean merely that mankind would be as wicked as those who perished in the floodhe meant the last days would mirror Noahs time in all aspects. Todays attitudes towards science and technology, Dulmage reveals, mirror Noahs generation. As for the Fourth Kingdom, Daniels prophecy has direct ties to present-day America, which is evolving into a nation unrecognizable from its once proud roots. An unstoppable metamorphosis is underway, all foreseen in the biblical narrative. How we prepare for the coming years is up to us.
