

In times of turmoil, not everyone can be a hero...Not everyone gets a choice. According to her Uncle Chaser, Faith Fairlight's life is just beginning. But life on the vineyard isn't as exciting as she'd like it to be. So when Chance offers her the job of a lifetime, Faith jumps at the opportunity. There was no way for her to know that she was opening the door to the greatest adventure she could ever imagine and to a love that would stand the test of time. Featuring a cast of familiar characters, this third Fairlight novel brings the series full circle, filling in gaps and expanding Carhart's original world without creativity without sacrificing any of the adventure, surprises, romance and passion readers have come to expect.
