

## Finding Our Way: A Mothers Journey With Her Son

In this timeless story about growing and growing up, Paula Horowitz journeys through New England, Europe, India, Nepal, and Venezuela with her son Jason, as he matures from a gangly, uncertain boy into a confident and courageous man. Beginning at the age of six, when Jason and his mother hike across the tundra of Iceland, walking becomes an important part of Jason's childhood. As he grows and develops a strong love of music, a devotion that would become his life, his mother chronicles their explorations. Together they explore the world, each other, and themselves.
