

## A Flawed Jewel (A Marsden Romance) (Volume 1)

Pieretta Carlyle experienced the loss of her father, leaving her alone in the world except for her grandpere, Comte Renard Dubois. The comte insists that she travel to France to live with him. Pieretta doesn't want to leave Charleston and the only home she has ever known. Her grandpere is her guardian, and she must do what he says. Thor has a score to settle, and Pieretta is the key to his revenge. He became a pirate unwillingly after his business partner tried to murder him. He must acquire Pieretta by any means necessary, and he doesn't mind plundering a ship to obtain her. When Pieretta and Thor meet, they are instantly attracted to each other against their better judgments. Pieretta is disgusted by the pirates' actions. Thor knows what Pieretta believes, but proceeds with his plans anyway. She is only a tool to achieve vengeance. What happens will depend on Thor's need for revenge and Pieretta's ability to forgive him for his dastardly deeds.
