

Four men in need of a helping hand . When a cowboy finds he has grit in all the wrong places, what is he to do? Meet the man of his dreams, of course. But what will save two cowboys from getting bogged down in the mire? An ex-rodeo cowboy who hates working with Hollywood actors meets a movie star who is looking for something real. Will they get a happy ending, just like in the movies? A redneck ends up injured and stranded, and his old friend comes to the rescue. It s the old story of the one that got away. What will they do to keep each other in their lives and will it be too late? A professional bull rider is starting to feel his age. When he s injured far from home and his career is threatened, it s up to his best friend to step in and point out the other options. Both men have plans but will they include each other?
