

Mustang Summer

Sometimes devastating, sometimes brazenly innocent! Amanda Deering sets out to destroy the relationship that Derek Benson finds while suffering a devastating breakup from her almost a year ago. Now she wants him back and will stop at nothing to accomplish her goal. She knows him well. She knows how to recapture him. This time she will not make the same mistake. At one time, he had been her rock. Now she will bind him to it. She plans to make him break his pledge to his new love, Pamela Jackson, great granddaughter of Amos Jackson, a P51 Mustang Ace in WWII. Pamela is training to be a fighter pilot as Amos, but is away from the Academy this year helping him maintain the restaurant after his wife Lilly passed. Pamela is beautiful, innocent and everything Derek desires. Will Amanda control his life again? Will she destroy Pamela's future as well? Derek must decide to rid himself of Amanda and defeat her entanglement, or Pamela will be lost forever. A love story to remember.
