

Our Way to Fight follows the dangerous lives of peace activists in Israel and Palestine. It explores the crises that stirred them to act, the risks they face, and the small victories that sustain them. Michael Riordon takes us to thousand year-old olive groves, besieged villages, refugee camps, checkpoints and barracks. In the face of deepening conflict, Our Way to Fight offers courageous grassroots action on both sides of the wall, and points the way to a liveable future. These engaging stories will provide inspiration to peace activists in Israel, Palestine and across the world.
