

WHAT HAS HAPPENED UP UNTIL NOW ----In Part 1 Freckles and his mama had gone into their cave to go to sleep for the winter. Freckles couldn't sleep because he was hungry and went out to find something to eat. Freckles follows the scent of some very delicious cooking smells. At the parking area on the edge of the forest there is a circus wagon which is where the cooking smells come from. This is where Freckles meets Scooter the dog, Pretty Kitty the cat, Napoleon the monkey and Tonio. Tonio is a "people" and is the owner of the little animal circus where Scooter, Pretty Kitty and Napoleon are the artists. Freckles spent the night with his new friends and slept in the circus wagon. In Part 2 Freckles watches Scooter and Napoleon the next morning as they practice a few of their artistic tricks. He has never seen anything like this before and is very impressed. Freckles decides to join the group and go with them when they "go south" for the winter. During the time that Freckles spends with his new friends he not only learns to understand the "people language" but he also learns quite a few artistic tricks himself and becomes an important member of the circus show. And now, in Part 3 Freckles celebrates Christmas with Scooter, Pretty Kitty, Napoleon and Tonio. At first he doesn't understand what "Christmas" is but by the time the evening is over he, too, has the feeling of Christmas inside him.
