

My Coffee Cup Romance

Noni, a young and perfectly innocent college student and barista, has finally experienced the delicious exhilaration that comes with a first crush. Despite a deep rooted religious upbringing, her emotions and hormones betray her when she meets Joe, a tall butch lesbian with great legs and a dazzlingly smile. Helpless to the charms of hot lesbians and the gay community, Noni has to decide if following her heart is worth the risk. Does she forsake the Southern Baptist way of life that her family has preached since she was a child? Does she give in to the sexy butch woman that suddenly only has eyes for her? Her path to accepting herself is littered with love, heartache and really steamy discoveries in her own sexuality. Guided by her best friends, fondly named her Royal Couple, she practices listening to her head and following her own happiness. This novel is intended for adult audiences as it contains adult material.
