

Taken by Aliens: The Complete Collection

Alien scientists have just discovered that crossbreeding with human females gives the alien hybrid offspring a change of being born with superpowers. Unfortunately, Earth no longer exists, and humans have become a rare commodity. When the aliens abduct Talia, they have big plans for her - to rent her out to rich aliens who will pay for the privilege of filling her womb with their seed and her having their babies. Join Talia on her complete journey, as she is captured and begins working her way through a slew of rich and powerful alien clients and bystanders, including an alien prince, alien warriors in the fighting pits, the King of a distant planet, The Emperor of the galaxy, and elite guards.
